

COURT OF APPEALS OF VIRGINIA

Present: Judges Frank, Alston and Senior Judge Coleman

PINES RESIDENTIAL TREATMENT CENTER AND
TRAVELERS INDEMNITY COMPANY OF AMERICA

v. Record No. 0561-11-1

KAREN J. FRITH

MEMORANDUM OPINION*
PER CURIAM
JULY 19, 2011

FROM THE VIRGINIA WORKERS' COMPENSATION COMMISSION

(Francis G. Marrin; Law Offices of Roger S. Mackey, on brief), for
appellants.

No brief for appellee.

Pines Residential Treatment Center and its insurer, Travelers Indemnity Company of America (collectively "employer") appeal a decision of the Workers' Compensation Commission. Employer asserts the commission erred in (1) finding Frith's injuries from the original work-related accident had not fully resolved; (2) finding Frith's ongoing medical treatment was related to the original accident; (3) not addressing Frith's failure to prove the medical treatment she sought from Dr. Cynthia Su was causally related to her work accident; (4) failing to conclude Frith suffered new injuries to her neck and shoulders in an unrelated motor vehicle accident; and (5) giving more weight to Dr. Su's medical opinion than the medical opinions of Dr. Maria C. Salumbides, Dr. Scott Horn, Dr. Mark Ross, and Dr. Richard L. Wilson, Jr. We have reviewed the record and the commission's opinion and find that this appeal is without merit. Accordingly, we affirm for the reasons stated by the commission in its final opinion. See Frith v. Pines Residential Treatment Center, VWC File No. 226-60-80

* Pursuant to Code § 17.1-413, this opinion is not designated for publication.

(Feb. 17, 2011). We dispense with oral argument and summarily affirm because the facts and legal contentions are adequately presented in the materials before the Court and argument would not aid the decisional process. See Code § 17.1-403; Rule 5A:27.

Affirmed.
