

COURT OF APPEALS OF VIRGINIA

Present: Judges Benton, Humphreys and Senior Judge Overton

ONDEO DEGREMONT, INC. AND  
AMERICAN & FOREIGN INSURANCE  
COMPANY

v. Record No. 1261-04-2

DANIEL S. ROMAN

MEMORANDUM OPINION\*  
PER CURIAM  
OCTOBER 26, 2004

FROM THE VIRGINIA WORKERS' COMPENSATION COMMISSION

(Lisa Frisina Clement; Penn, Stuart & Eskridge, on briefs), for  
appellants.

(Christopher C. Booberg; Thorsen & Scher L.L.P., on brief), for  
appellee.

Ondeo Degremont, Inc. and its insurer appeal a decision of the Workers' Compensation Commission, which ruled that Daniel S. Roman sustained his burden of proving a compensable occupational disease, Mixed Connective Tissue Disorder, arising out of and in the course of his employment. We have reviewed the record and the commission's opinion and find no reversible error. Accordingly, for the reasons stated by the commission in its final opinion, we affirm the award. See Roman v. Ondeo Degremont, Inc., VWC File No. 210-82-59 (May 4, 2004). We dispense with oral argument and summarily affirm because the facts and legal contentions are adequately presented in the materials before the Court and argument would not aid the decisional process. See Code § 17.1-403; Rule 5A:27.<sup>1</sup>

Affirmed.
